THE ANNUAL REPORT

For the Year ending December, 1929.

LADIES AND GENTLEMEN,

The 70th Annual Report of this Hospital, formerly known as the HOMOEOPATHIC AND GENERAL HOSPITAL, is now presented to the Governors and to the Public at large. This report is the first tendered under this Hospital's new designation of the CENTRAL HOSPITAL. The Board of Management feel sure that the work accomplished during the year will convince everyone of the necessity of such an institution at the site it occupies in the City.

The Board wish to inform Subscribers that negotiations have taken place in conjunction with the other Hospitals with a view to the establishment of a scheme for unification, and trust that in the near future some such agreement will be in operation, whereby amongst other advantages, greater economy may result in Hospital Administration. Your Board are pleased to state, however, that the principle contained in the Trust Deeds of this Hospital will be maintained.

HOSPITAL WORK.

The amount of work performed during the year, with figures and cases dealt with, will be found tabulated in the Medical Report. The number of patients admitted during the year shows an increase of 122, and is the largest number treated in the history of the Hospital. The casualties again show an increase over the previous year, 2,674 cases having received treatment.

The Out Patient Department shows a general increase both in patients and attendances. The work on behalf of the Public Authorities has also increased, the Hospital being recognized under the Ministry of Health for the treatment of surgical Tubercular cases.

HONORARY STAFF.

The Board wish to acknowledge the valued services of the Honorary Medical and Surgical Staff, who have throughout the year carried out their duties with their usual zeal and devotion to the interests of the Hospital and to the patients under their care.

Thanks are also due to the Hon. Radiologist, who in no small way has contributed to the successful results of the Hospital, and to the Hon. Dentists for their services during the past year.

The Board are pleased to announce the appointment of Mr. C. M. Kennedy, F.R.C.S., as Hon. Surgeon, Mr. Edric Wilson, F.R.C.S., as Hon. Asst. Surgeon, Mr. Prance, M.B., B.S. (Lon.), D.L.O., as Hon. Ear and Throat Surgeon, and Dr. Sagar as Hon. Anaesthetist.

RELIGIOUS SERVICES.

The Board tender their sincere thanks to the Honorary Chaplains for the weekly services, which are much appreciated and enjoyed by all who attend them.

GIFTS.

The Hospital has received many and varied gifts during the year, and your Board wish to return thanks to all who have so generously contributed.

SPECIAL EFFORTS.

The Ladies' Committee have again rendered most valuable assistance to the Hospital in their special efforts, under the chairmanship of Mrs. John Foden, with Miss Bartlett as Treasurer and Mr. Tremethick as Secretary. The Board greatly appreciate their loyal support, whereby the Hospital has benefited by the sum of £240.

The POUND DAY Collection was held in November with fair results. Goods to the value of £24 16s. 6d., and £28 9s. 9d. in Cash being received.

EGG DAY resulted in the receipt of £18 2s. 9d. with over 1,500 eggs.

The HOSPITAL FLAG DAY was very successful, compared with previous years. The total sum collected amounted to £254, and the Board wish to tender their very special thanks to all who assisted in achieving this result. The effort was organised by Mr. A. W. Vickery and the Ladies' Committee.

ALEXANDRA ROSE DAY Collection amounted to £143 10s., as compared with £119 4s. 4d. in 1928.

HOSPITAL SUNDAY FUND Collection amounted to £78 3s. 0d., as compared with £104 11s. in 1928.

The Board desire sincerely to thank the organisers of these Collections for their valuable services.

PENNY IN THE POUND SCHEME.

Once again the Board wish to offer their thanks to the Plymouth Voluntary Hospitals' Committee and the Contributors' Council for their valued assistance during the year, whereby the total amount received was £1761 0s. 5d., being 64.7 per cent. of the total charges forwarded for treatment on behalf of the following contributors :—

In-patients : 243 with 6,204 patient days.

Out-patients : 839 with 5,782 attendances.

X-Rays : 229.

Massage : 157 with 1,563 attendances.

Other electrical treatments : 110.

Number of operations performed—

In-patients : 135. Out-patients : 734.

X-RAY DEPARTMENT.

This Department again shows how invaluable an asset it has proved to all Medical and Surgical diagnosis, as indicated in the Medical Report under this heading.

FINANCE.

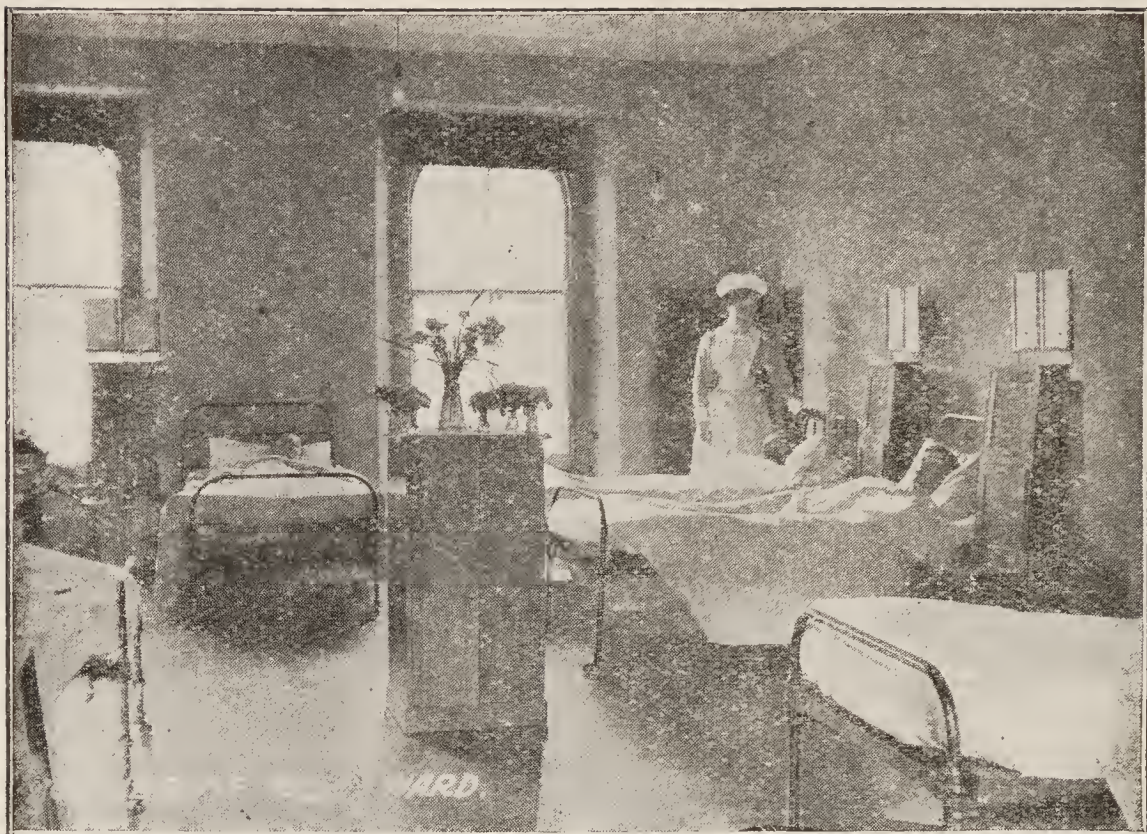

The Hon. Treasurer, on presenting his Report, will show an adverse balance for the year. Although the work performed has increased, a considerable decrease is shown on the financial side.

The year under review has been intensely trying to all who have had anything to do with the finances of charitable institutions, and the Treasurers of such deserve generous sympathy and support.

The Statement of Accounts shows that strict economy has been practised, and the Board appeal to the citizens of Plymouth for greater support than hitherto if the present standard of work is to be maintained.

FINAL.

In conclusion, the Board of Management wish to tender their warmest thanks to all who have given assistance in any way during the past year, thus enabling so much good work to be done, and trust that more Subscribers will come forward to help the poor and suffering who are brought to the doors of the Hospital.

MEDICAL REPORT,

For the Year ending December, 1929

The Honorary Medical Staff in presenting their Report to the Governors and Subscribers of the Central Hospital, are able to give account of very good work.

Before proceeding to append details of numbers and results it seems fitting that reference should be made to the help received by the appointment of:—

Mr. Prance, M.B., B.S. (Lond.) T.L.O., Honorary Ear and Throat Surgeon; Mr. C. M. Kennedy, F.R.C.S. (Eng.), Hon. Surgeon; Mr. E. Wilson, F.R.C.S., Honorary Assistant Surgeon; and Dr. Sagar as Honorary Anaesthetist.

The following tables show the amount of work performed.

IN-PATIENTS.

The total number of Casualties received being 2674 as against 2552 in 1928, showing an increase of 122.

MASSAGE DEPARTMENT.

A large increase is shown in the work of this department, and much benefit has resulted to the Patients coming under the care.

| | | |

| | | |
|-----------------------------|-----|------|
| Total number of Attendances | ... | 3343 |
|-----------------------------|-----|------|

Showing an increase of 37 Patients with 343 attendances.

X-RAY DEPARTMENT.

There is again a further increase to record in the number of cases in the X Ray Department during the year and to make a comparison we must omit the cases from the Public Health Department (Tuberculosis), as they have ceased sending cases from January 1st, and as these amounted to 351 for last year it leaves 371 as against 458 for this ; of these the chief are fractures which must be attributable to motor accidents and the central position of the Hospital. The table below gives the several details :—

Much assistance is rendered to the work of your Hon. Staff by the Resident House Surgeon, without whom the work of the Hospital could not now be performed, and your Hon. Medical Staff tender their thanks for the valuable services rendered during the past year. In conclusion your Hon. Medical Staff are pleased to state that the Hon. Consulting Staff remain as hitherto, and they appreciate the services rendered.

On behalf of the Hon. Medical Staff.
